Regis College Core Curriculum Checklist and Learning Outcomes
CLASS OF 2016

NOTE: A single course may not be taken to meet more than one requirement within the Core Curriculum.

I. Heritage and Foundation
1.) First Year Seminar:
   Learning Outcome: Students will articulate and apply the values of the CSJs to present day issues and problems as they engage in opportunities to practice CSJ values in academic and co-curricular experiences and use the values as context for personal decision-making.
   ____ RC101 (fall semester)

2.) Mathematics:
   Learning Outcome: Students will apply mathematical information, concepts, and thoughts in verbal, numeric, graphical and symbolic form to solve different types of problems.
   ____ One of the following: MA102, MA104, MA105, MA210, MA212, or MA220.

3.) Writing:
   Learning Outcome: Students will express ideas orally and in writing that are appropriate and relevant in content and format for a variety of purposes and audiences.
   ____ EN105 (Writing Seminar)

   Learning Outcome: Students will gather, evaluate, and organize information from both traditional and electronic sources and appreciate the legal, ethical, and social implications for use.
   ____ EN106 (Critical Reading, Thinking and Writing)

4.) Religious Studies:
   Learning Outcome: Students will identify, connect, and apply the principles that characterize the Catholic intellectual tradition to appropriate issues in academic and co-curricular settings.
   ____ One of the following: ID222, RS102, RS107, RS201, RS202, RS206, RS208, RS211, RS215, RS216, RS280 or RS309

5.) Philosophy:
   Learning Outcome: Students will state arguments accurately and clearly, and identify strengths and weaknesses of different arguments, before stating their own opinion or conclusion.
   ____ One of the following: PH101, PH103, PH104, or PH201

6.) Ethical Reasoning and Analysis
   Learning Outcome: Students will recognize ethical issues and defend conclusions using relevant evidence and reasoned argument.
   ____ ID304 (Exploring Ethics) ____ BI401 (Science majors) _____ RS305/551

II. Contemporary World and Self
7.) History:
   Learning Outcome: Students will recognize and analyze key events, ideas, individuals, artifacts, and institutions that have shaped our knowledge of the world.
   ____ One of the following: HI103 (formerly 203), HI104 (formerly 204), HI106, HI107, HI108, HI111 (formerly 209), HI112 (formerly 210), HI113, HI200, HI211, HI301, HI307, HI354, or MS201  (Note: Nursing majors choose between a course in History or a course in Literature.)
8.) Literature:

Learning Outcome: Students will recognize cultural traditions and understand and appreciate the diversity of the human experience.

One of the following: EN204, EN205, EN206, EN211, EN218, EN222, EN228 (formerly 305), EN 229 (formerly 305A), EN 304 (TH 304), EN311A, EN 320, EN322, EN325 (cross-listed as SP 325), ID 220, SP250, SP307, SP308, SP311, SP312, SP318, or SP325 (cross-listed as EN 325)

(Note: Nursing majors choose between a course in History or a course in Literature.)

9.) Social Sciences:

Learning Outcome: Students will identify and analyze a current social and political issue at the local, national, and global levels.

One of the following: CO206, CO209, EC203, HI108, HI113, HI200, HI104 (formerly HI104), HI212 (formerly 210), HI314, HFS150, ID214, MT203, NU203, PO211, PO210, PO230

Learning Outcome: Students will assess and articulate positions on a contemporary issue with an awareness and appreciation of the viewpoints of others.

One of the following: CO203, CO204, HI106, HI200, HI211, HI290, HI311, HI354, HI 355, HP200, LG201, MT204, PO231, SW202, SO201, WS201

10.) Natural Sciences:

Learning Outcome: Students will assess the role, interaction, and limitations of science in complex issues, including technology, society, and ethics.

One of the following: BI103, BI104, BI108, BI203, CH103, CS103, ID224A, ID 224B, PS203

Learning Outcome: Students will apply the scientific method, develop quantitative problem solving skills and use logical reasoning and scientific tools of inquiry in the conduct of laboratory experiments.

One of the following: BI103, BI104, BI105, BI108, CH101, CH104, CH105, CS101, ID224B, ID236, PS204

11.) Expressive Arts:

Learning Outcome: Students will demonstrate an understanding of an aesthetic or artistic discipline and the creative process therein.

One of the following: AH201, AH304, AH306, AH313, AR221, AR222, AR337, CO208, CO221, CO222, CO240, DA201, DA204, EN209A, EN210, EN230, EN334, GD347, HC 100, ID 110, IT101, IT102, MU 208, two consecutive semesters of Chamber Singers (MU320, MU321), three semesters of Glee Club (MU315, MU316), three semesters of Instrumental Ensemble (MU300), PG100, SP100, SP101, SP102, SP201, SP202, SP 300, TH201, TH203, TH207, TH208, TH306, TH308

(Note: Nursing majors ONLY may fulfill this requirement by completion of SP100 or PG100.)

III. Application and Integration –

“The Core Capstone Experience”

Creation of an electronic portfolio during the Senior year. (Note: The Core Capstone Experience will be cross-listed with the capstone course required in students’ major.)
