Adult-Gerontology Nurse Practitioner

The Adult-Gerontology Nurse Practitioner specialty offers registered nurses advancement in pharmacology, pathophysiology and health assessment with nursing theory, process and research. It fosters development of skills in decision-making and clinical management of adults through the life cycle. Discussions will focus on issues of health, policy, organizational issues, access to care, and advanced professional practice as they relate to the adult-gerontology population. Classroom learning is applied in supervised clinical preceptorship experiences. The curriculum meets the American Nurses Credentialing Center (ANCC) and American Academy of Nurse Practitioners (AANP) criteria for certification as an Adult-Gerontology Nurse Practitioner.
