By signing and submitting this document, you are officially applying to the Regis College Fast Track Program. If admitted to the program, you are not required to enroll. Students in the Three-Year Program attend online coursework during the January intercession and during the summer trimesters. Students in the Fast Track Program may be eligible for merit scholarship awards for their fall and spring coursework. Summer coursework is not covered by a student's merit award and students should consult with their financial aid counselor directly to understand the costs associated with this program. Should a Fast Track student enroll and later decide to transition to the Four-Year program, the student will work with financial aid and the academic advising office to review the changes to the student's schedule and financial aid award.

PLEASE MAIL OR EMAIL THE COMPLETED APPLICATION:
