

Three Career Advancement Seminars Open to the public – No charge

Product Regulation Career Advancement – Monday, January 11th, 2010
Clinical Research Career Advancement – Wednesday, January 13th, 2010

Each seminar will feature a panel of managers and recruiters, who will present and discuss successful ways to advance your career. Learn how to:

- discover and prepare for opportunities
- best present your strengths
- develop growth paths within your own department or company

Plenty of time will be left for open discussion and informal meeting of panel and other audience members.

Career Experiences of Recent Alumni – Monday, February 1st, 2010

A panel of 3-5 year alumni of the Regis College master's degree program in Health Product Regulation discusses their career experiences since graduation. How have their careers progressed? What did they do to advance their careers? What should aspiring professionals avoid?

Come and meet the panel, other Regis alumni, and other product regulation and clinical research professionals.

Location and Time of Events

All three events are at:

**Upper Student Union
Regis College
235 Wellesley Street
Weston, MA 02493**
