A Message from the Registrar

We are excited to inform you that Regis has a new and exciting application that will be replacing Regis Access.

Self-Service is an interactive and robust web application that enables Regis students to view and interact with their information stored in Colleague - our system of records.

New Course Registration Application

We encourage you to continue to interact with your advisor as often as needed.

Academic advising will be offered via phone, email, and Zoom. To schedule an advising appointment, students should contact their academic advisor via email.
