Meet the Regis College Graduate Ambassadors

Sabrina Telemaque,
BA '18, Political Science, MS '20 Strategic Communication

"I decided to pursue a graduate degree to focus more on what I want to do in my career and to also broaden my career opportunities. My advisor Dr. Malachowski was really great! She always sent us links to different internships and opportunities. Professor Cole was very insightful and always willing to help work through any questions. My days look different depending on the week since I'm still in training but one common theme it involves a lot of Zoom calls. I see myself growing within Airbnb but eventually branching out to do more NGO as that's where my passion is."

Vaccine Program

All students, faculty, and staff who will be on-campus or participate in in-person Regis events and programs are required to be fully vaccinated against COVID-19 by **Monday, August 16**, in order to return to campus for the fall 2021 semester, with the exception of certain religious and medical exemptions.

Those who are fully vaccinated are asked to upload their vaccine record to CoVerified.
