As you work to complete your literature review be sure to save your searches using RefWorks, a citation management system, available free to you during your student career at Regis.

This research guide- <https://libguides.regiscollege.edu/newrefworks-> will help you create an account, learn how to make folders for courses or assignments to help you stay organized, and help with formatting your “References” page. It is a great tool for producing an annotated bibliography. You can save articles right from the EBSCO databases and Google Scholar.

Reach out to the Library if you have questions, we are happy to help and will accommodate your schedule. We know you are busy. You can email us at reference@regiscollege.edu or make an appointment here: <https://libguides.regiscollege.edu/contactus>. Library hours can be found here: <https://www.regiscollege.edu/academics/library/library-services/library-hours> We are looking forward to working with you!

Meet the Regis College Graduate Ambassadors

Ludmilla Neves,

BA in Public Health/Business Management '17 and MS in
Health Administration '18

“I was born and raised in the Cape Verdean islands until the age of 11, then moved to the Brockton, MA,” writes Ludmila. “I found Regis through a high school friend whose cousin was in her first year in the nursing program at the time. From my undergraduate studies I was certain that I wanted to pursue a Master’s in Healthcare Administration immediately after graduation. Regis provided me with a unique opportunity to obtain both a bachelor’s and master’s degree in just 5 years. I had an all-around amazing experience in my undergraduate studies and the choice to attend graduate school was without a doubt the easiest. While at Regis, the faculty and career services were very supportive by organizing networking events

and providing internship opportunities. The support services at Regis played a significant role in managing multiple priorities.

Although my field of study didn't quite work for me after completing my grad degree, I found a new passion for higher education in the process which led me to be in this amazing role as the Coordinator of Accessibility Services at Regis. I have the opportunity to assist students with creating individualized accommodation plans that will support their academic and personal needs.

Throughout the years the university has provided me with many opportunities, and it is a true privilege to be a staff member. I am able to provide Regis students with the same quality support and experience I had throughout my 5 years as a student. Regis core values have always carried on with me, which is why I find great joy in supporting our diverse learners.”

Vaccine Incentive Program

Here is your chance to win a reserved on-campus parking spot for the fall semester. As part of the COVID-19 vaccine requirement, Regis College will launch a vaccine incentive program. All students, faculty, and staff who will live, learn, or work on campus (Weston, Dental Center, & Regis North) or will participate in Regis in-person activities for the fall 2021 semester are eligible.

Those who have an approved medical or religious exemption from getting the COVID-19 vaccine are eligible and will automatically be entered. If you already uploaded your vaccine information you are automatically entered.

Simply upload your vaccine records to CoVerified for the chance to win:

- A reserved parking space in the Lower Student Center (Lot E) for the fall semester.
- A gift card for up to \$200.

To be eligible for the random drawings on July 12, 19, and 26, you must submit your vaccination record by 12 p.m. EST each drawing day. You only need to upload your vaccine information once to be entered in the drawings.

On-campus Protocol Updates

Beginning Thursday, July 1, Regis College will further ease on-campus COVID-19 protocols.

- Masks will no longer be required in indoor common areas or shared spaces for those who are fully vaccinated.
 - Masks are still required in classrooms and lab settings.
 - Unvaccinated individuals are encouraged to continue wearing a mask.
- All outdoor campus spaces will be open to visitors and non-Regis community members.
- Buildings and indoor spaces will still be restricted to Regis community members and those who have specific business on campus.
- CoVerified daily symptom checking will no longer be required.

We will share more updates in the coming weeks as we continue preparations for the fall 2021 semester.
