Dear Incoming Regis Student:

The Regis College Center for Health and Wellness would like to welcome you to Regis.

Massachusetts State Law requires all incoming undergraduate students to provide proof of required immunizations and medical insurance information. You must complete, and upload all required medical documentation to our secure upload site.

To access the health forms and the upload site, click [here](#) or visit: regiscollege.edu/medical forms.

Due Dates:

All health forms must be electronically uploaded to the Regis Center for Health and Wellness, via the secure site, no later than the dates listed on our Regis Center for Health and Wellness [website](#).

Failure to comply with the above deadlines could result in consequences including removing you from current courses, restricting your access to Moodle, and/or preventing you from registering for future courses. You are responsible for complying with this deadline, without exception.

Your health information is confidential and protected by state and federal laws. The information you submit is maintained by the Regis College Center for Health and Wellness in the strictest confidence. Privacy regulations prevent Regis College from releasing or discussing any health information without your written consent, except when there is imminent danger to you or to others, or where permitted by law.

If you have noted a medical condition, chronic illness, or significant allergy listed on your health forms, we recommend reaching out to the Regis College Center for Health and Wellness at 781-768-7290 to schedule a complimentary consultation with one of our healthcare providers. They can help discuss how we can best assist you.

The Regis College Center for Health and Wellness provides confidential primary, episodic, and urgent care to Regis students. Our nurse practitioners offer treatment for minor illnesses and injuries, physical exams, women's and men's health services and routine lab testing, using a holistic and individualized approach. We accept most major health insurances and bill accordingly. If your insurance requires a referral, please obtain it before your appointment.

All enrolled Regis College students who study on the Weston Campus are welcome to utilize our confidential counseling center by calling the Center for Health and Wellness to schedule an appointment. Students are offered twelve free sessions of counseling each academic year.

For students seeking accommodation for documented disabilities: please contact the Office of Accessibility Services by phone at 781-768-7384 or email: accessibility@regiscollege.edu.

If you have any questions or concerns regarding your required health forms, please call the Regis College Center for Health and Wellness at (781) 768-7290 or email: healthcompliance@regiscollege.edu.

Thank you,

Tammi Magazzu, RN, WHNP-BC
Associate Dean and Medical Director
