

Housing Selection

Spring 2026

Regis College

What is housing selection?

Housing selection is a process where students have the opportunity to select their housing for the upcoming academic year.

The goal of this process is to be fair to all students, so that they may indicate a preference regarding where and with whom they live for the upcoming academic year.

Given the continued interest in on-campus living, students may not get their first preference of room or hall; therefore, we seek to share as much information as possible, so that all students may make the best decision for them with the available options.

Questions should be directed to residence.life@regiscollege.edu or your hall staff

Phase 3: Room Selection

Phase 3: Room Selection

- Each group will be given a selection time
 - Suites and triple groups will be sent their time the morning of March 31st
 - Doubles groups will be sent their time the morning of April 7th
- Any student in the group may choose based on the assigned time
- Once that person has chosen, they and their roommate(s) cannot change rooms. The process will be closed for them
- Times will be based on averaged class year with rising seniors receiving the lowest numbers, followed by juniors and then sophomores
 - **Class year comes directly from Regis Hub. Students are encouraged to check Regis Hub to ensure their class year is correct.**
- Once your time has passed the next group will be allowed to choose.

Phase 3: Room Selection

Groups that have completed their housing contract and have a fully matched may take part in housing selection

- All students will be given a priority number based on class year
 - Rising Senior Priority numbers: 1-125
 - Rising Junior Priority numbers: 500-675
 - Rising Sophomore Priority numbers: 800-950
- Groups will then receive ONE selection time based on the AVERAGE of their priority number
 - Based on the **average** of the group, the group will be given **one** selection time.
 - Once that selection time starts, the group will have one unique minute to select their room until the next group is permitted to enter the process.
 - Note: the process will not close for a group until they have chosen a room

Examples of numbering

A group of all seniors may have

122, 123, 124, 125

Average = **123.5**

But a mixed group....

1, 2, 3, 500

Average = **126.5**

This ensures that all senior groups have priority over mixed groups

Phase 3: Room Selection

You will be able to see your selection time on the Adirondack Home Screen

Your Room Selection

You are now eligible to select a room in the 'Doubles Room Selection Process' process.

FAQs

Is housing selection online?

- *Yes, the process is completely electronic in our Adirondack portal. For each housing selection night, will have staff in-person in the Upper Student Center for students to join if they have questions, want to speak to a member of the Residence Life staff, or share their screen as they select their housing.*

What if I have a hold on my account?

- *Students who have a high balance hold on their account that has not been resolved prior to housing selection will not be eligible to go through the housing selection process.*
- *After being cleared, these students will be placed on a waitlist and placed into housing as space becomes available. Limited spaces will be available following the selection process; others will be placed after the first-year students have been assigned to housing. Housing is guaranteed to all students who are clear by August 2nd.*

May I “hold” or “reserve” my current room to live in next year?

- *No, students may not reserve a space or “squat” their room for next year.*

Is the meal plan required for on campus students/

- *Yes, all residential students are required to have a meal plan*

May I live in housing for Fall 2026 if I am a commuter or returning from a leave?

- *Students returning from a mandatory, voluntary, medical, or other leave who are not currently full-time students, may not take part in housing selection. They may be placed on a waitlist for housing once they have been cleared to return.*

Will living in the Maria Hall extension affect my financial aid?

- *No, students’ aid will not be impacted by opting to live in the Maria Hall extension rather than a traditional style hall. Students who are changing from a commuter to resident, or others who may have question about their bill or financial aid should speak directly with their financial aid counselor.*

If I don’t receive my first choice in the housing selection process, may I be placed on a waitlist for my first choice?

- *No. Waitlists will only be maintained for those students who were unable to go through the housing selection process. A general waitlist for each hall will not be kept.*
